The French military is using (military) satellites to torture nonstop, while working, trying to sleep, taking showers, using toilets, trying to contact attorneys, on streets, hostels, public transport/establishments, while talking to people, etc. etc.

For several years French international terrorists have been under French police protection, some of the criminals are involved in the formation of a military government in Cuba that would protect French (CIA) investments on the Island.

Email sent to the Minister of Foreign Affairs of the Russian Federation concerning the illegal use of satellite weapons:

Министру Лаврову: Французские еврейские военные сволочи продолжают атаку на мозг ядерными оружиеми. Среди них есть кубинцы сопричастны гибели Я. Арафата, играющие роль охраны иностранных (французских и американских) дипломатических представительств. Кто такая Maud? Откуда у них спутниковые оружия?
