Justice Clarence Thomas:

The Jewish - Israeli mafia is talking on the ambience music of Lajkonik café (*using synthesized male/female voices to call me a liar, etc.*), on the corner of Karmelicka and Rajska (Krakow, Poland), as I type with my illegally-cracked laptop. Last night I called the US Supreme Court and told the receptionist I would write you a letter, since, according to her, previously sent messages through the Court's Information Office website cannot reach you. Being acquainted with the self-denominated cultural police, this morning I went to a kiosk and bought an envelope, after which, satellite-coordinated activists used aware uniformed Polish policeman to harass and steal in the name of "security", some were caught on camera, several police cars took part (including HPG B550), one man walked by "talking on the phone" and said: ~"there is a problem when you want to contact the US Supreme Court", a woman ~"the police is going to beat you up for it":

The issues I will describe encompass US political, military, Intelligence officers, such as:

1. General Martin Dempsey
2. General Norman Schwarzkopf (*whose "death" was hinted at by French military activists in Tallinn, hotel Park Inn, photos available; possible later resonance with pro-Russian rebels' interview*)
3. Leon Panetta
4. University of South Florida: Roger Griffith (*originally from Trinidad and Tobago, his look-alike filmed in Copenhagen in 2004, possible connection with assassinations in Syria*). Egyptian - German female "students", one of them named "Sandy" (*Egypt Air flight 990*), Cuban Ministry of Agriculture - Egyptian Mathematician, orthogonal polynomials specialist.
5. Cornell University: \_\_\_\_\_
6. Cornell University – Harvard University: \_\_\_\_\_
7. Harvard University: \_\_\_\_\_
8. Joshua Grant Barrat, Cornell University - Paris

## 9. Madeleine Albright.

At least three times since 1998, French citizens have participated in mass killings (*US citizens among the victims*) on US territory, comprising their territorial waters. As expectable, not a cent of the French National budget has been invested in the investigation of the entangled French citizens, some of who live peacefully in the center of Paris (*in 2003 I met two of the corrupt French policemen, one a captain of the “anti-terrorist” brigade*). The CIA initiated the Monica Lewinsky scandal in connection with the start of the visit of Pope John Paul II to Havana, which led to the impeachment attempt of President William Clinton. Here in Krakow, I photographed CIA agents partaking in satellite bio-attacks linked to John Paul II’s visit to Romania in 1999, timed by NATO to dropping a bomb on the embassy of China in Belgrade (*the Vatican’s Foreign Affairs Office has been repeatedly informed on these covert operations that incorporate vicious torture, in Spanish called “suplicio”*). Examples of mentioned atrocities:

1. “Crash” of Swiss Air flight 111 (*EMC Co Israeli female employee involved, Irish, Venezuelan, American, French, Spanish, Georgian citizens living at (or visiting) 4/2 Bolton Street, Somerville, MA in 1998*)
2. October 31<sup>st</sup> “crash” of Egypt Air flight 990 (*Martha’s vineyard*)
3. WTC/ Pentagon September 11<sup>th</sup> attacks (*mother-daughter French “tourists” in Manhattan, February 2001, uniformed French policeman in police station in French town “Saint Louis” ~ September 11<sup>th</sup>, 2001, near Basel, Switzerland, etc.*)
4. French paramilitary and an American “tourist” in Paris, video available: provoking the New Orleans flood (*Copenhagen 2004 (among them another mother-daughter “team”) - Tallinn 2014*).

In addition, this year French paramilitary attacks comprehended the downing of two Malaysian civilian aircraft, the latter over the war zone of East Ukraine, alluded to by Igor Strelkov, former Ministry of Defense of the self-proclaimed Donetsk’s People’s Republic, to insinuate (*Cornell University and*) blacks fighting for the Ukrainian military, whose bodies were left strewn on the ground as proof (*July 27<sup>th</sup> interview*).

Virginie Elaine Ruiz, a **CIA operative carrying French passport**, was implicated in several assassinations, for example, the killing by collar bomb of a Colombian farmer named Elvira Cortes in 2000. In such regard, I spoke with a Colombian General in the embassy of Colombia in Moscow in 2010, shortly after the French-organized bombing of the Moscow metro (*photos available*). Since 2007, after the ascension of Nicolas Sarkozy to the French Presidency, I have been subject to **nonstop and savage** satellite nuclear and laser attacks on the brain and internal organs (*1976 bombing of Cubana de Aviacion over Barbados and the car-bomb assassination of socialist Orlando Letelier in DC*); at least two attempts to kill me occurred in Paris, policemen working in the police station on Rue de Vaugirard regularly harassed me, illegally arrested me, stole documents from me, destroyed evidence of implication of French military personnel in terrorism, forced me to sleep in a psychiatric clinic, when they coerced me into taking a pill, and are implicated in mass killings in Syria and Russia and the assassination of Muammar Gaddafi. My

thoughts are illegally read, often distributed among right-wing international groups, which apparently have more money and technology than agencies of territorially-involved states. My interpretation of the words of Ukrainian President Petro Poroshenko in his address to Congress: *such social infection, blurring cultural traditions and values, could spread and literally be everywhere*. The American Civil Liberties Union of Arizona, Illinois and New York and Angela Davis, whom I still remember when she visited my kindergarten in Havana and leant on me, have been alerted by email/telephone calls. Satellite-supported individuals embroiled in the shooting of Congresswoman Giffords were photographed in Saint Petersburg, Russia and Tallinn, Estonia.

Instances of overt and extremely brutal, cruel racism abound in the following pages; the USA Federal Budget is one of the sources of the **illegal** financing of fascist groups in Europe, including Germans who try to discredit the United Nations (*various satellite-coordinated assassinations and mass killings in Syria employed, the killers distinctly show their faces on camera*). Twice since 2009 I have petitioned to the European Court of Human Rights against France, both motions were denied, but were instrumental in the preparation of large-scale military operations, mass killings and assassinations and in encouraging the police of several countries to persist in using public funds for the protection of right-wing international terrorists, political repression, “training” against the person’s will and systematized prevention of justice.

The Federal Bureau of Investigations has manifested its ineffectiveness.

What can you do for us?

Respectfully,

---

Message to White House:

(NATO agent using bio-chip to attack parts of my body as I sent this message; satellite laser hitting sectors of the brain (persistent burning sensation and (often) fleetingly painful "stimuli"). Polish military personnel in civilian clothes keep harassing me on Krakow streets. This clarification has been sent to almost all foreign embassies in Romania. Jewish female staffer of a pizzeria on Kremerowska Street (photo available) is interfering with my laptop, indirectly following the position of my eyes on its screen and making real-time comments to distract me.)

Bandits staying in the apartment directly above me are hacking my laptop real-time and "dragging the furniture" to try inducing amnesia; nonstop male/female synthesized voices torture by the police (who are interfering its hardware) and high-frequency buzzing of the skull with "jumps", in order to create a "fracture". Yesterday, a group of uniformed Polish policemen was caught on camera taking part in this operation, targeting Jewish (Zionist) elements that work at Krakow's central district Taxation Office.

Krakow military police should have received photographs ([ozwkrakow.rzecznik@wp.mil.pl](mailto:ozwkrakow.rzecznik@wp.mil.pl)). Message to the White House posted on:

P. S.:

Saturday, October 16th:

Satellite onslaught on brain continues, Colombian woman "accidentally walking by" - my mobile phone remotely shut down (assassination of Elvira Cortes by collar-bomb in 2000 and other French international terrorism crimes). Uniformed Polish policemen actively helping right-wing street paramilitary operations, a "tourist from Ukraine" (Israeli) suggested the assassination of regional (West Ukraine) leader of the Right Sector Sashko Bily by (maybe) Ukrainian policemen. Hostel where I am staying (former Gestapo building) employed as a prison: high-frequency audio signal directed towards skull - laser hits. "Spanish tourists", two (high-ranking?) uniformed officers of the Polish military (entering "Campanile" hotel on Świętego Tomasza, 34) and military personnel in plain clothes, partook in (US/ French)- coordinated ceaseless political satellite bio-attacks ("who is financing the Cuban military and why"). Photos available, some posted on above-mentioned pages, policemen from the station on Rue de Vaugirard implicated.

Polish paramilitary criminals using (possibly "Israeli") satellite military technology to attack brain in public places have been photographed (images available). Some of them, posing as workers of a private company connected with the intermediate purchase of digital signatures, suggested they are blocking hosting Internet servers. They might be obstructing my only income source.
